ELMA 2021 will be held in Sofia, Bulgaria, July 1-4 2021. The main aim of the conference ELMA 2021 is to give an opportunity to academics, scientists, engineers, PhD students, manufacturers and users to discuss and exchange information about the results of their theoretical and experimental investigation, the utilization of new materials and application of new technologies in the field of electrical machines, drives, power electronics and power systems. Authors are expected to attend the conference in person to present their papers and share their ideas. Depending on the pandemic situation, the conference may be held in attendance, either online or mixed - in attendance and online.
