TOPICS

We invite submissions of papers presenting original research in the following topics (but not limited):

• **Information Technologies**

Software Technologies and Programming; Digital Signal Processing and Applications; Database Management Systems and Information Systems; Business Intelligence, CRM- and ERP-Systems; Project Management and Quality Management Systems; Computational Social Science; Hypermedia, Multimedia and Social Media; Visualization Methods and Techniques; Augmented and Virtual Reality; Bioinformatics and Health Informatics.

• **Information Security**

Security Policy, Methods and Tools; Information Theory & Coding Theory; Cryptography, PKI and e-Signature; Biometrics and Authentication Technologies; Digital Rights Management Systems; Security Policy Analysis and Crisis Management; Cyber-attacks and Security; Energy Policy and Security of Supplies.

• **Networking and Communication Technologies**

Networking – Protocols, Design, Investigation; P2P and Complex Networks; Grid Systems; Cloud Computing (Cloud Services and Applications); Mobile Cloud Computing; Internet of Things (IoT); Machine to Machine Communications (M2M); Autonomic Network Computing; Online Communities and Social Computing; Web-Based Applications.

• **Intelligent Systems and Applications**

Intelligent and Agent Systems; Knowledge-Based Applications; Ontology and Semantic Web; Intelligent Transport Systems; Intellectual and Virtual Environments; User Modelling.

• **Technologies for System Design & Investigation**

Automation of System Design and Research; Computer Architecture and Performance Evaluation; Parallel Systems and Technologies; Microarchitecture and Reconfigurable Computing; Computer Modelling and System Investigation; CAD Systems; Embedded Systems; Testing, Diagnostic and System Reliability; Power Systems – Automation and Control; Renewable Energy, Smart Systems and Energy Efficiency.

• **Technological Aspects of e-Governance & Privacy**

- ✓ e-Society (e-Policy, e-Democracy, e-Voting); e-Access and e-Servicing; e-Government and e-Municipality; e-Learning – Systems and Applications; e-Business and e-Commerce; e-Health and Interoperability in Healthcare ICT.
- ✓ Privacy and Personal Data Protection (PDP); Models of PDP, Registration and Regulation; Policy and Practices for PDP; Technological Structures for PDP; Security Policy in PDP; PDP in Cloud Services.

ORGANIZATION

The International Conference on Information Technologies (InfoTech) is a successor of the *International Conference on Systems for Automation of Engineering and Research (SAER)*, established in 1987.

InfoTech-2025 will be organized as a virtual event based on virtual forum on the conference web site.

Participants must submit all materials to the conference management system at: <http://e-university.tu-sofia.bg/e-conf/?konf=232>

PARTICIPATION, REVIEWING & PUBLISHING

To take part in the **InfoTech-2025** it is needed to send by e-mail **before May 20th, 2025**: *Application Form* and *Full-length paper* (**Application Form** and **Template** could be downloaded from the conference web site: <http://e-university.tu-sofia.bg/e-conf/?konf=232>)

The papers will be evaluated for similarity and blind reviewed for their scientific content by the members of the Int'l Program Committee and authors will be notified (by **Second Form**) for acceptance or rejection. Acceptance will be based on quality, relevance, and originality. The revised and final versions of accepted papers must be submitted in **camera-ready form** before **July 15th, 2025**. To take part in the conference a personal registration is needed – **Registration Form** will be sent with the Second Form to the corresponding author. For procedures see deadlines below.

The accepted reports with participation in the virtual forum will be included in the **e-Proceedings** with publication in IEEE Xplore Digital Library and indexing in Scopus. **InfoTech-2025 Proceedings, vol. 39 (ISSN 1314-1023)** will be published with abstracts of all accepted reports.
